Our vision:
A world where
happiness at work
is **the rule** and not
the exception.

Woohoo inc.
H A P P I N E S S A T W O R K

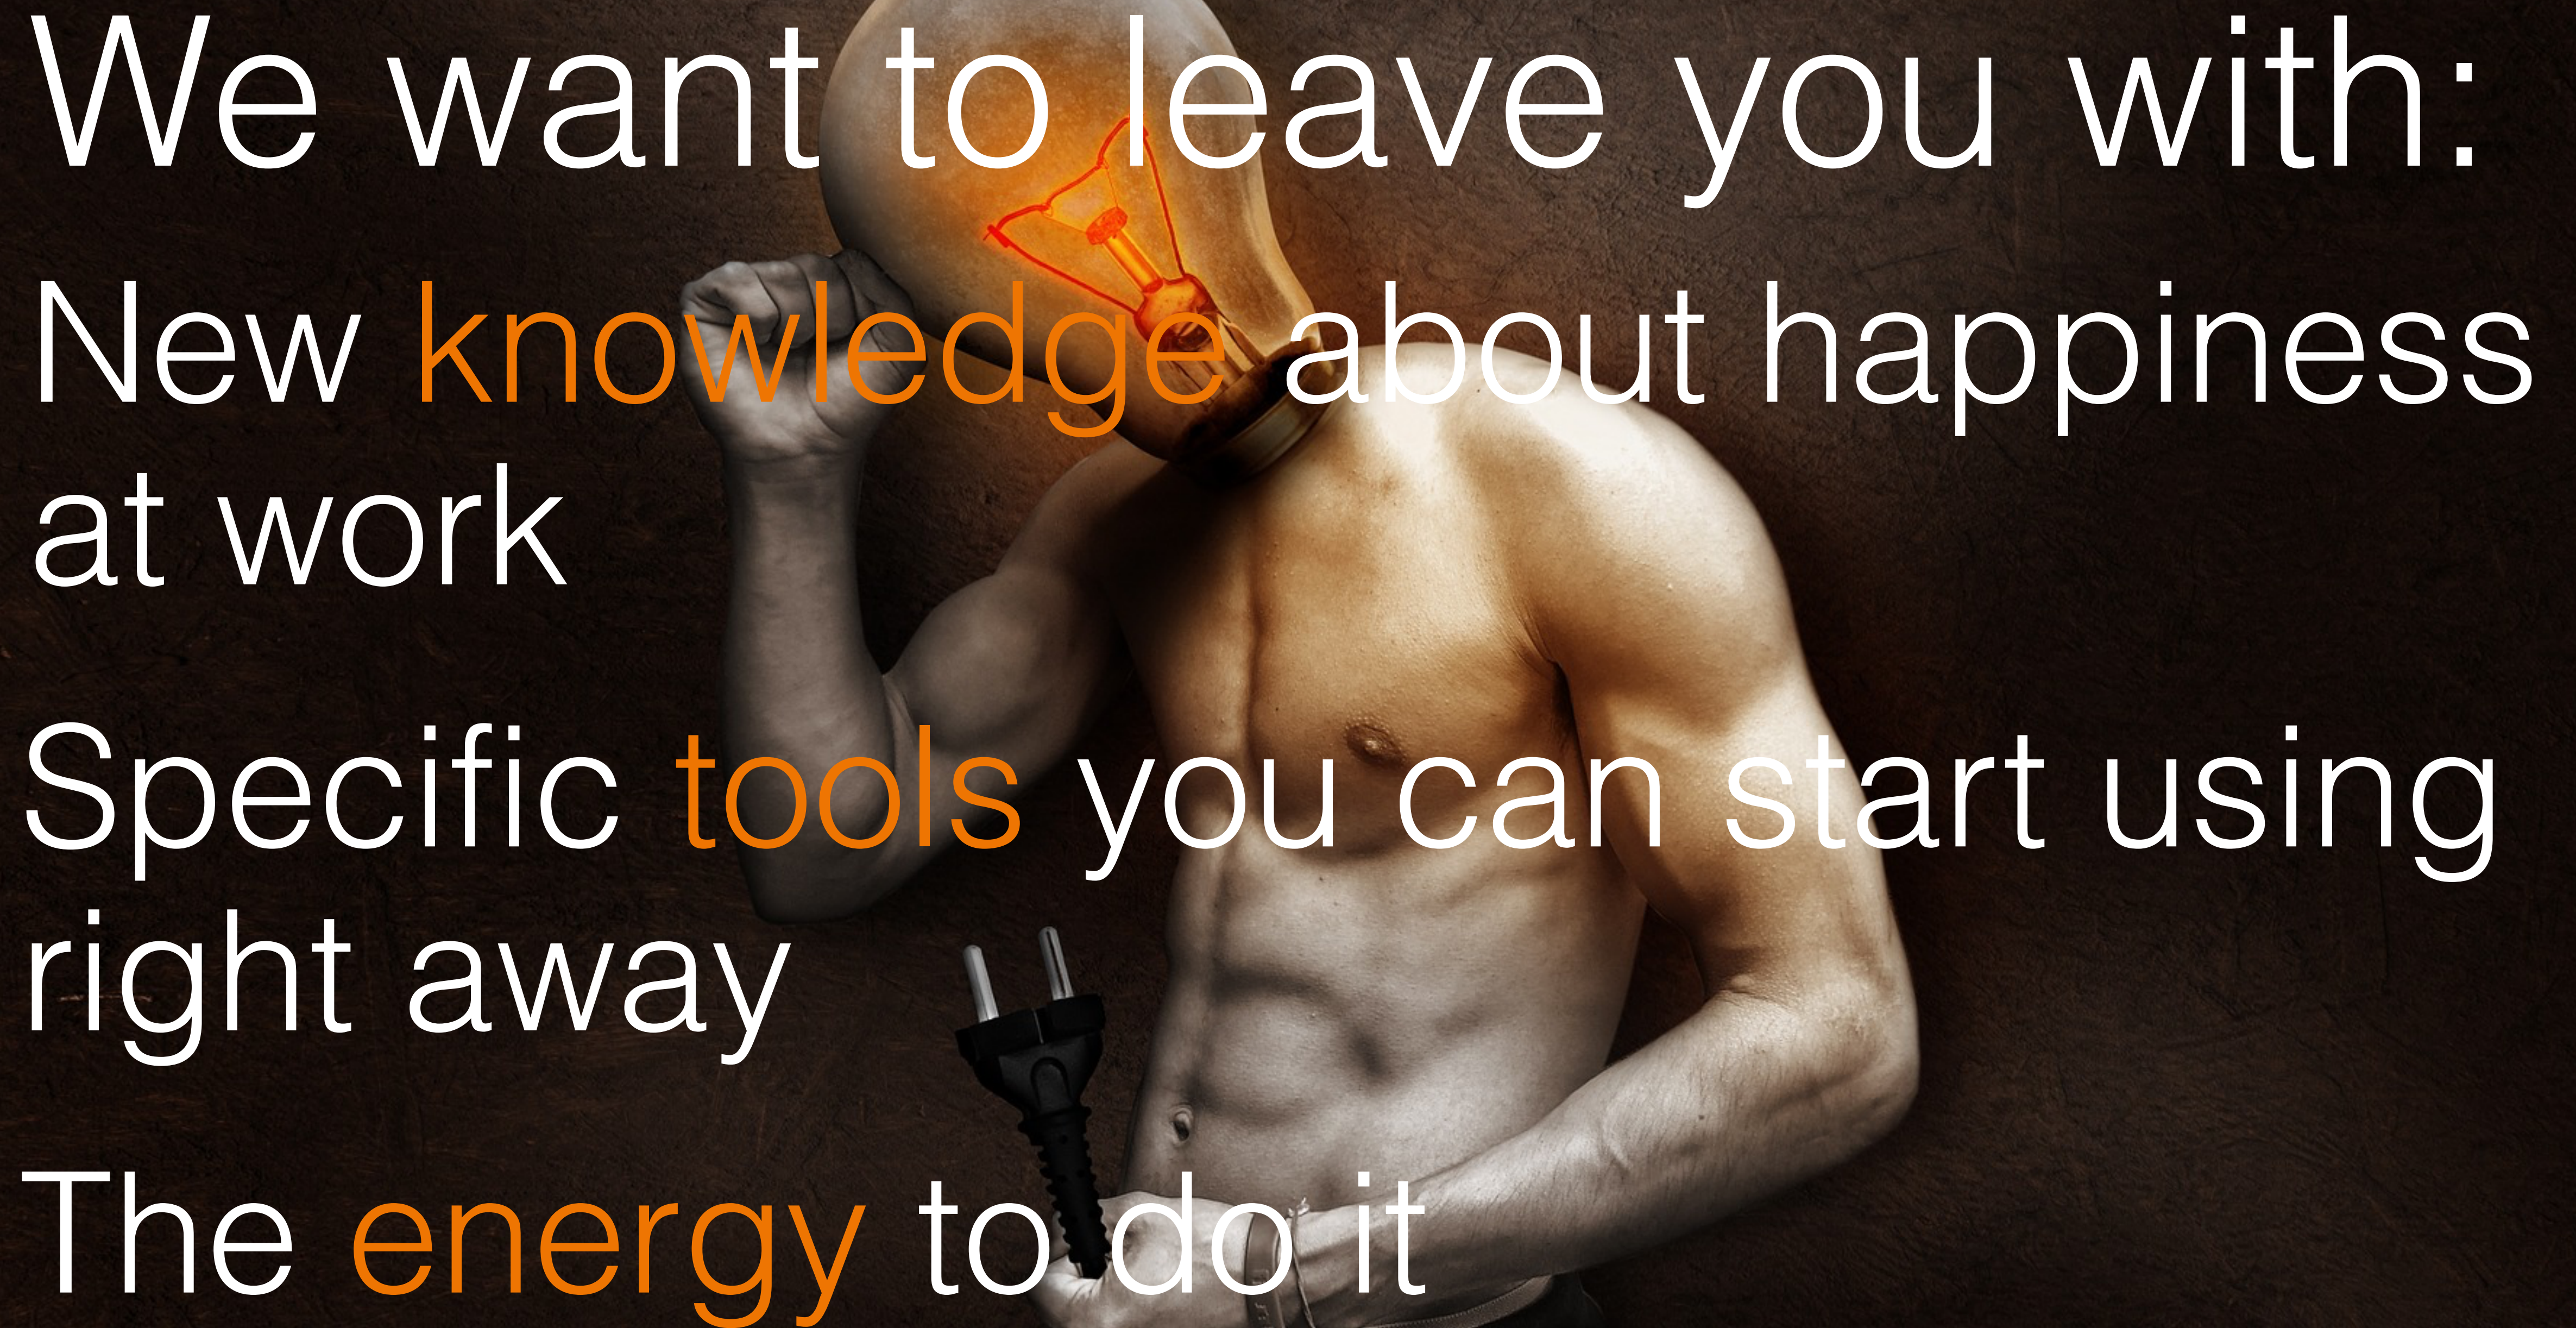

**“Does work really
have to suck?”**

**“Maybe
happiness
is the best
way to
reach our
goals.”**

“We’ve given
our employees
all the usual
stuff and
they’re still not
happy.”

A muscular man is shown from the waist up, shirtless, with a glowing lightbulb for a head. He is holding a black power plug in his right hand. The background is dark and textured. The text is overlaid on the image in white and orange colors.

We want to leave you with:
New **knowledge** about happiness
at work
Specific **tools** you can start using
right away
The **energy** to do it

Have a

happy day
